Thank You for Participating in Norman's 3K!

With your help, we raised over $800 for AWLA and A Little Extra Fund

For the first time ever, we hosted a 3K walk in honor of something and someone near and dear to our hearts: rescue pets and Norman. Norman was the mascot of and inspiration behind opening Pawsh. He was a rescue that was given a second chance, and we'd like to thank you all for coming out and allowing us to extend that chance to more pets

Help make the transition to a new school year easier on your pet

Ease Into a New Schedule

Abrupt changes in routine can be stressful. A week or two before the school year starts, gradually adjust feeding, play, and walk times to match the new schedule. Add extra exercise and playtime before you leave to help your pet settle and relax.

Keep Departures & Arrivals Low-Key

Long goodbyes or overly excited greetings can make pets anxious. When leaving for the day or returning home, stay calm — and encourage children to do the same — so your pet learns that comings and goings are no big deal.

Watch Out

Watch Out for Lunchbox Leftovers

Forgotten food can be dangerous for pets. Grapes, raisins, chocolate, macadamia nuts, and foods containing xylitol are toxic to pets. Moldy food can also contain toxins, so keep lunchboxes out of reach and discard leftovers promptly.

Create a Calm, Cozy Space

Set up a comfortable spot where your pet can rest while your children are at school. Playing soft music or using a white noise machine can mask outside sounds and help your pet feel more secure.

A Sneak Peek at October!
